

Good Morning!

**I am Raj Vishwakarma**

I am here to present my thoughts on World Population Day .

# POPULATION

Problem Or  
Opportunity

(In India)

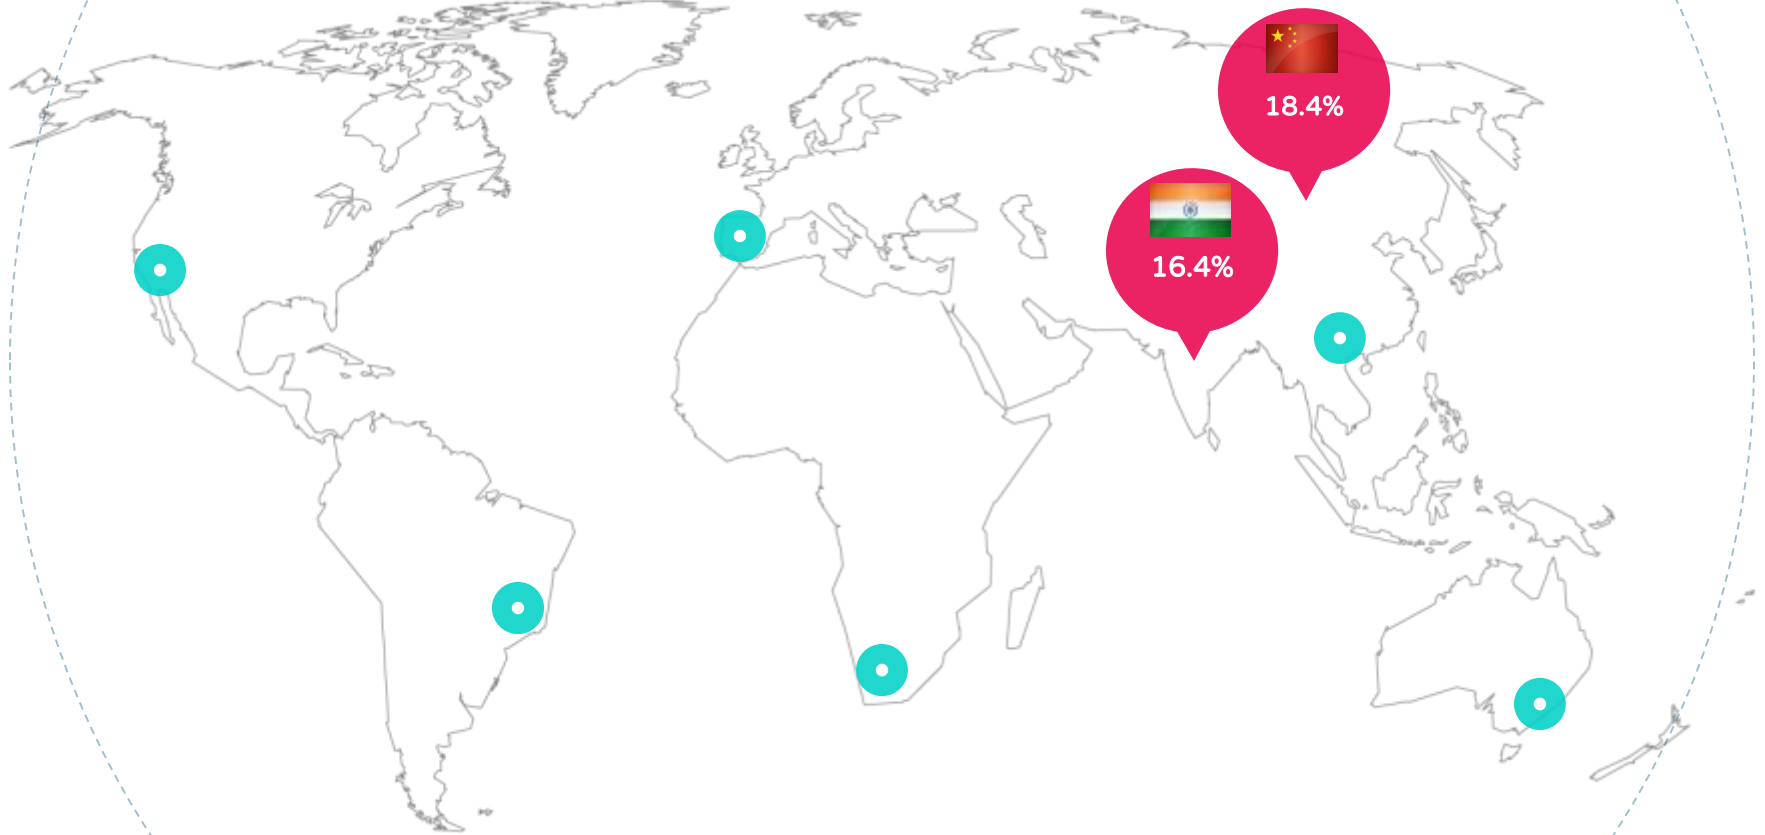

A decorative graphic featuring a large, light blue dashed circle that frames the central text. Various colored circles and rings are scattered around the page: a large lime green circle at the top left, a large cyan ring at the top center, a large yellow circle at the top right, a large orange circle at the bottom left, and a large orange ring at the bottom right. Smaller circles in green, blue, orange, and pink are also present.

“

The negative Impact of population growth on all of our planetary ecosystems is appallingly evident.

~ David Rockefeller

## Population share

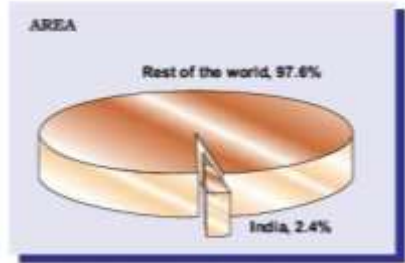

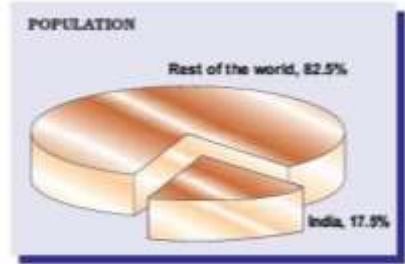

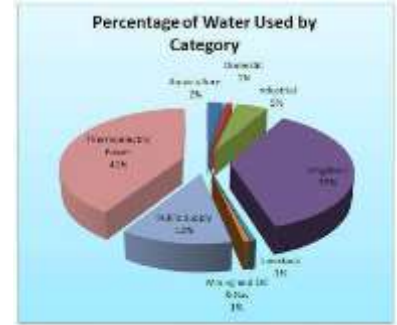

1

Population as a  
problem  
**Let's start**

## Population as a Problem

- ⊙ Increase in pollution has adverse effect on environment.
- ⊙ It leads to over exploitation of natural resources.

A picture is worth a thousand words

Effect of population can be understood with this image.

What are impact on our ecosystem?  
It disturbs our ecosystem.

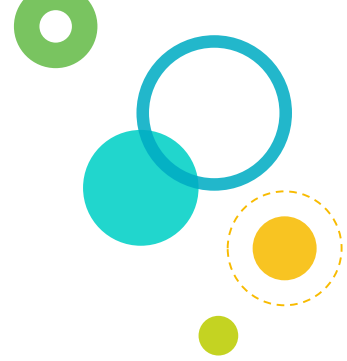

# Population as a Oppurtunity

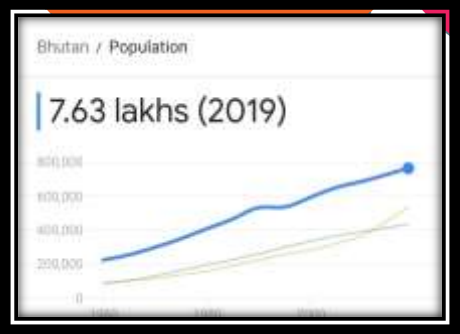

The other side of coin of population.

# POPULATION AS AN OPPORTUNITY

- India's Middle Class an aspirant class who aims of standard of living.
- India's population is young and dymnamic
- Middle class as "Engine of Growth"
- High Productive Population and Pays Taxes

But is GDP sufficient?

# Is Overpopulation really burden?

China

One Child Policy

Two Child policy

In 2015 it was changed to two child Policy

A decorative border surrounds the central text, consisting of various colored circles (teal, green, yellow, orange, pink) and dashed lines in the same colors, arranged in a circular pattern.

# Do You Know

# 35

Population Control Bills have been passed since  
Independence.

What we can  
do?

# 1. Awareness

- ⊙ Educated , independent and economically stable woman become aware about contraceptives.
- ⊙ We can create awareness in our society about family and financial planing.
- ⊙ Explain it to rural people, house maids and make them understand its importance.

## (2) ADOPTION

◎ About 3 crore orphan are there in country. And about 2 crore babies are born every year.

◎ Our history reminds us that mother's role is much above biology. Even then woman has to fight to her family members to adopt a child.

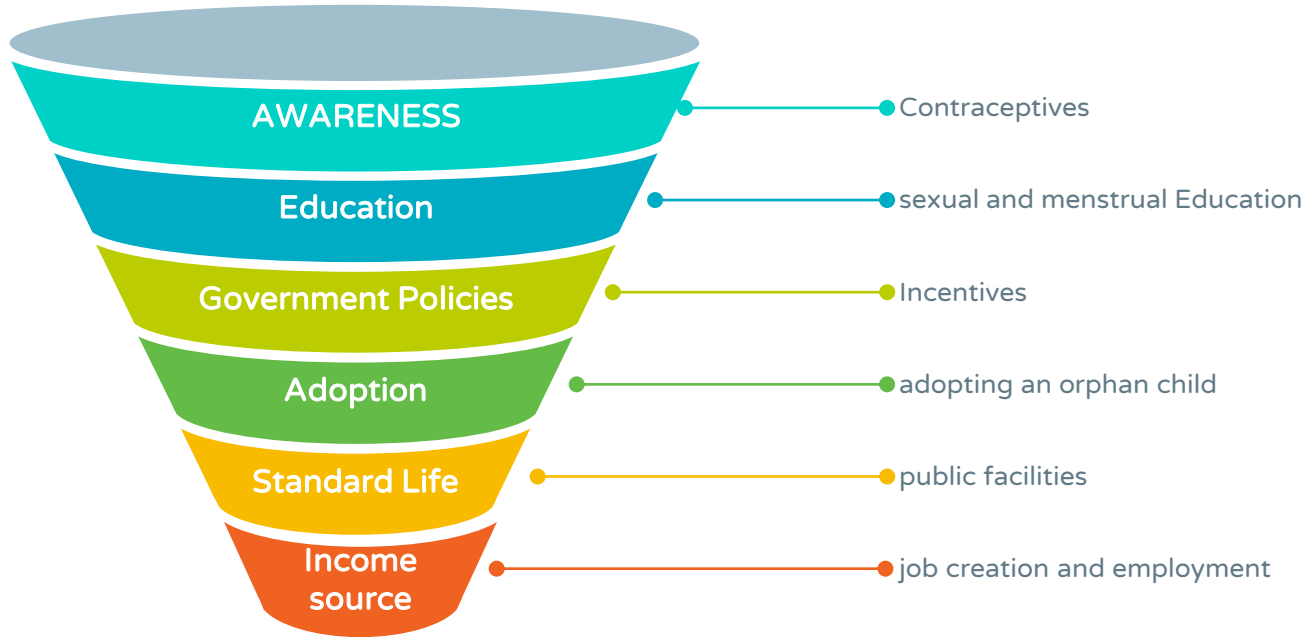

3

Senior citizen

Making senior citizen financially independent.

# Methods to solve this Global problem

An aerial photograph showing a massive crowd of people standing on a light-colored surface, arranged to form the geographical outline of the Indian subcontinent. The people are densely packed, especially in the central and southern regions of the map. The overall scene is brightly lit, suggesting an outdoor setting.

IN 2030  
Indian Population  
will overtake  
Chinese Population

Thanks!

**Let's approach positively  
towards this global problem.**
